#### UPDATE ON CONSTRUCTION PROJECT

Mr. Jose of Green Associates provided an update on Library construction. He noted that the project is on track to be completed in the public and staff occupied areas by May 28. The interior plumbing work at mechanical rooms is pending completion of water main work. Saw cutting curbs and pavement will begin this Friday, May 14. Due to delays incurred by City and IDOT reviews, interior plumbing will need to continue past May 28, only in mechanical areas and this should not disrupt or keep the building from being occupied. That work is expected to be completed by June 11, at which time he expects to receive the final building occupancy permit. Mr. Jose is working with City for partial occupancy permit for May 28 for public and staff areas of the building.

He noted additional cost changes that will be incurred. Some lintels were noted on the second floor that were determined to be deficient. Structural engineer is reviewing and assessing. Will provide costs at next board meeting for this. Other outstanding major cost is excavation and hauling of demolition debris soil. He does not expect that cost to be in excess of \$1,000 which is within the remaining contingency.

Committee Chair Reardon asked if the lintels were a major concern. Mr. Jose replied that they had been there for 50 years, but that it is something that should be addressed. They are located in three doorways. They are considered inadequate. The manner in which the floor of the third floor was placed has helped distribute the loads there. He does not think it is a safety concern. If a low grade earthquake was to occur, then it would be a concern.

#### DISCUSSION OF WARRANT PROCESSING CHANGE

Because Library and City tax funds are co-mingled in the same bank account, the City's attorney recommended that the City Treasurer confirm, prior to the issuance of checks, that the Library has sufficient funds to pay warrants. Legal counsel requested this procedural change. Attorney also recommended that funds be physically separated. The proposed separation of funds is waiting until the new library director and new City finance director are in place. This proposed policy amendment adds Step F – City Treasurer reviews and signs the affidavit, verifying that funds are in joint account.

Vice-President Burkum asked if there was a problem that caused this change. Interim Director Berger stated that she had asked Andrea Lamberg that prior to her departure and confirmed that there had not been any problems, this was just an additional control being put into place

Trustee Kiem stated that the Library has specified the back-up internally, but this policy does not indicate who the City's backup would be. He wants to make sure it is clear within the policy. Committee Chair Dobrilovic suggested modifying the policy to state that the warrant must be approved by City Treasurer or his or her designee. In the Library policy, the secretary may sign off on warrants if the Treasurer is not available.

Trustee Reardon asked about item H if that has changed. Interim Director Berger stated there was no change, just looked off because of formatting – the wording was the same. Trustee Reardon asked if the City Treasurer signed every warrant. Finance Manager Doubek replied that they receive the warrant reports and sign the affidavit. He asked to be sure it is worded properly – the policy as written states that they sign each warrant.

Treasurer Dobrilovic said the policy should state what is actually done. Interim Director Berger said they could clean up these changes for next week's Board Meeting. Treasurer Dobrilovic asked for placeholder motion and to have that motion left off of the consent agenda.

#### REVIEW OF CAPITAL ASSET POLICY

During last year's audit, the auditor recommended that the Library adopt a capital asset policy. Finance Manager Doubek drafted a policy and had it reviewed by the auditor, Lauterbach and Amen.

Trustee Reardon asked about depreciating values of books and materials under \$1. He asked if this would be a lot of extra work. Ms. Doubek said it was comparable to what she saw in her research in polices at other libraries. He suggested specifying what is meant by Library materials. Doubek said she could add to a clearer definition perhaps "materials offered to patrons or lent to patrons". Trustee Kiem said he thinks things like computers should be separated out, also equipment in maker space. He asked who is the customer for this report and when is it generated. Doubek responded that the customer is the Library. It was suggested by auditors to be completed by the next audit which will take place in July.

Treasurer Dobrilovic said the purpose is to provide a transparent basis for the valuation of the Library's property so that when we prepare the annual report, we have a policy we use to value all of the assets. Since we didn't have this before, it seems the policy should be explicit in how we are valuing property. It is his impression that the useful life for machinery and equipment can range from 3 years to 20 years which gives some discretion in how a computer is valued. We can choose to value it at 3, 5, 7 years, whichever is most appropriate.

Trustee Kiem clarified that depreciation is not being used in cash flow or tax related purpose as you would in a business, not sure what the value in doing it is.

Treasurer Dobrilovic made a

**MOTION:** to approve the Capital Asset policy with modifications as discussed

Vice-President Burkum seconded the motion.

Roll Call Vote: Yes: Burkum, Dobrilovic, Hanba, Kiem, Rapisand, Reardon, Somheil, Steinfels, Thiagarajan

**Motion passed.**

Treasurer Dobrilovic asked that this item not be on the consent agenda so the Board can review the changes.

Treasurer Dobrilovic recalled an issue that came up in the audit that the Library building was included as an asset of the Library which it is not. He asked if the auditors had made that change to the audit. She responded that she believed they would make the change in the following audit. Treasurer Dobrilovic said that seemed odd that they wouldn't change that for the FY20 financial reports. Finance Manager Doubek said she would follow up with the auditor.

Trustee Kiem asked if the building belongs to the City but the Library pays for improvements, how is the cost for those improvements accounted for? Treasurer Dobrilovic said that would be a good question to ask the auditors.

Treasurer Dobrilovic closed the Finance Committee meeting at 7:47 p.m.

#### OTHER BUSINESS

Trustee Kiem recalled that Mr. Priala had been authorized to conduct an audit of the building with Green Associates. Trustee Reardon said he believed it was to take place after the completion of the sprinkler project. Interim Director Berger said that was also her understanding. Trustee Reardon asked Interim Director Berger to follow up and get back to the Board.

President Rapisand adjourned the Committee of the Whole meeting at 7:49 p.m.

The State Library extended the deadline for spending the FY2020 Per Capita Grant funds from June 2021 to December 31, 2021. An application revision was made in March, 2021 to enhance the promotion of library materials with additional display fixtures for library resources. The Library budgeted an additional \$25,000 for this in Fiscal 2021, which should be carried forward to the Stub Year.

\*FY2021 Per Capita Grant Funds will need to be spent by June, 2022.

Furnishings – Per Capita Display Fixtures	\$38,650	\$25,000	\$63,650	2

## Capital Carry Forwards:

The Fire Suppression Contract sum to date is \$769,600.00. Efraim Carlson provided the most recent pay application, no. 5, on May 14, 2021. This application listed the remaining balance to finish, plus retainage as \$248,273.63. The Park Ridge Public Library has paid Efraim \$521,326.37 to date; \$20,282.78 has been paid to Green Associates; \$3,800 paid to ECS Midwest for soil sampling. To date, Park Ridge Public Library has paid \$545,409.15 for the Fire Suppression Project.

An amount of \$16,150 was paid for Asbestos Abatement outside of the Fire Suppression Contract budget.

The Ice Melt Project remains an open ticket item due to testing the system. The last snow demonstrated that the heat tracing needed further adjustments. We are currently waiting for a fresh snowfall to test the adjustments made. \$12,877 was carried forward from FY20 to FY21 and should be carried forward to SY21 for the anticipated project completion.

CVI was working to update the Library phone system prior to the change in Library Director. The budget for the phone system is \$35,000. The PA system is a sister project to updating the phones with a budget of \$16,900. Both of these projects will be addressed in the Stub year.

The Library server has a tape drive backup-system that should be updated and refreshed. No time frame for this project is set.

**NON-RESIDENT LIBRARY CARDS**

The Library sells library cards to non-residents that live in areas not taxed for public library service according to the laws of the State of Illinois. Cards sold to non-residents provide all of the privileges of a resident library card and may be used at other libraries within the RAILS library system. The fee is determined using a mathematical formula provided by the State to calculate a fee equivalent to the average local tax support. Based on the Library's anticipated tax receipts for Fiscal Year 2021, the recommended Non-Resident Library Card Fee is \$296, effective July 1, 2021 and that the Committee approve the attached resolution so it can go to the Board for approval on May 18, 2021.

Committee Chair Burkum asked how many non-resident cards are sold each year. Patron Services Manager Rachmaciej replied only a few. Interim Director Berger stated that previously, cards were sold to City of Chicago residents but state law provides only for non-resident cards to be sold to those living in areas not taxed for library service. That made a significant difference in the number of cards sold.

OCLC portion is estimated at this point - \$13,769; CCS is \$65,447 which is billed quarterly. The Board is asked to approve the actual amount for CCS and a not-to-exceed amount for OCLC.
