Memorandum

Memo Date: May 9, 2020
From: Heidi Smith
Meeting Type: Personnel Committee of the Whole Meeting
Meeting Date: May 12, 2020
Action Requested: For Approval
Subject: Essential Government Functions Resolution

Background:

This memorandum supplements the March 18, 2020 and April 10, 2020 memoranda presented to the Board regarding staff compensation during the COVID-19 pandemic.

On March 19 and April 14, 2020, the Board approved a motion to compensate all staff for hours they would have worked if the Library had been open. Staff has been encouraged, but not required, to work remotely.

As the pandemic evolves and the State of Illinois begins to re-open, the Library intends to increase its services to its patrons. Specifically, the Library intends to define its Essential Government Functions to include essential services for its patrons, including preparation for contactless pick-up and returns of physical materials. To execute these functions, the Library must identify and schedule employees to work at the Library. As such, the Library must adjust its current compensation plan to ensure that it can carry out its Essential Government Functions.

Recommendation:

I recommend the Board adjust its current compensation plan for staff members. In light of the Library's intention to implement contactless pick-up and returns of physical materials, it is necessary to direct essential employees to work at the Library. The Library cannot prepare for this service if these essential employees elect not to come to work. Of course, the Library will make available (or reimburse for as appropriate) and require that these essential employees wear appropriate personal protective equipment and maintain physical distancing.

I recommend that the Library continue to pay all staff members. However, in the event an hourly employee is scheduled to complete essential work at the Library and refuses to come to work absent a valid reason pursuant to Library Policy or state/federal law, then the Library will not pay the essential, hourly employee for the unexcused absence.

All staff will continue to be encouraged to work from home and will continue to receive compensation for hours they would have worked if the Library had been open.

Suggested motions:

1. Approve amended emergency staffing plan, including compensative through June 20, 2020.

iA H.265 360-degree Indoor Dome Camera

Panasonic WV-X4171 captures the highest quality images in even very challenging and dynamic environments.

In particular, the image of the person's face or object at the edge of the fisheye is clear with less distortion.

Intelligent Auto (iA) monitors scene dynamics and motion to adjust key camera settings automatically in real-time reducing distortion such as motion blur on moving objects. Adopting H.265 Smart Coding technology, bandwidth efficiency is intelligently increased for longer recording and less storage. Cameras out-of-the-box, use an encryption module standardized by FIPS Publication 140-2 for secure video streaming.

Extreme image quality for evidence capturing under challenging conditions

- Clear and less distorted image of the person's face and objects at the edge of the fisheye
- Instant response to sudden light changes like tunnel entry and exit
- Auto Shutter speed control for fast moving objects
- Super Dynamic 108dB for backlit situations and shadows on night streets

Extreme bandwidth compression with new Panasonic H.265 Smart Coding

- Longer recording and less storage space compared to any H.264 based compression techniques
- New self-learning ROI* encoding (Auto VIQS) dynamically detects motion areas to keep vehicles and humans in good picture quality while lowering your bandwidth *Region of Interest

Extreme Data Security

- Full encryption SD card edge recording to keep your data safe
- FIPS140-2 CAVP compliant *Using encryption module standardized by FIPS publication 140-2
- Full end-to-end system encryption with supported VMS and devices to protect from IP snooping/spoofing and detect data alteration

Complete with powerful analytics built-in*

- Heat map : Visualization of people's traffic pattern and staying times
- People Counting : Statistics data on the number of people entering and leaving a specific zone
- MOR (Moving Object Remover) : Monitoring of only the surrounding environment by removing people and other moving objects from video *To enable analytics, please add the optional WV-SAE200 software.

C. PAYMENT

Payment by the Library for goods supplied hereunder shall not constitute acceptance thereof if subsequent inspection discloses defects in material or workmanship or a failure to meet the specifications contained herein. The Library will attempt to make payments for items ordered within thirty (30) days of delivery. Notwithstanding anything herein to the contrary, however, all payments made to the Contractor shall be governed by the Illinois Local Government Prompt Payment Act (50 ILCS 505/1 et seq.).

D. INTERPRETATION OF BID DOCUMENTS

If any person contemplating submitting a proposal is in doubt as to the true meaning of any part of the Bid Documents, he or she may submit to the Library Director or designee a written request for an interpretation by April 17, 2020. The person submitting the request will be responsible for its prompt delivery. Any interpretation of the Bid Documents will be made only by addendum duly issued by the Library Director or designee. A copy of such addendum will be mailed or delivered to each person receiving a set of such Bid Documents and to such other prospective bidders as shall have requested that they be furnished with a copy of each addendum. Failure on the part of the prospective bidder to receive a written interpretation prior to the time of the opening of bids will not be grounds for withdrawal of his or her proposal. Oral explanations or representations will not be binding.

E. TITLE AND RISK OF LOSS

Title to the goods herein described shall not pass until said goods have actually been received by the Library or its consignee, notwithstanding any agreement to the contrary, including, but not limited to, any agreement to pay freight, express, or other transportation or insurance charges. The Library reserves the right to reject any goods which contain defects in material or workmanship or which fail to meet the Project Bid Specifications contained herein or the Contractor's warranties (express or implied). The Contractor agrees that the foregoing warranties shall survive acceptance of the goods, and that said warranties shall be in addition to any warranties of additional scope given to the Library by the Contractor. The Contractor shall, at its sole cost and expense, promptly repair or replace to the Library's complete satisfaction all goods/services received for a period of one (1) year from date of delivery, unless the Project Bid Specifications require a greater warranty period.
